**SPECIAL RUSTIQUE TUMBATU – MYSTIQUE OF ZANZIBAR**

This truly is a unique experience!! Tumbatu is one of Zanzibar's best kept secrets, as the vast majority is forbidden to set foot on the Island. To enter the island you need special permission from the elders of the community on Tumbatu. People call the Watumbatu – inhabitants of Tumbatu - aloof and unfriendly, just because they are living as a very close, self- supporting community. You won't find cars or scooters and Tumbatu has only one road to walk on within the island, even though they are living on the island where in the 11<sup>th</sup> century the Shiraz built the first stone building in the entire Zanzibar Archipelago.

## **MAALE - Sandbank**

Leaving from Mkokotoni by boat you are heading to the fishing territories of the Watumbatu, the citizens of Tumbatu. One of the oldest fishermen within the Watumbatu will show out at sea, towards the sandbank of Tumbatu how they fish with nets and traps. Fishing is the major revenue of the island, though the Watumbatu don't eat too much fish themselves. They trade with their fish in the nearby fishing village Mkokotoni. After you have witnessed the special techniques of the Watumbatu, which have the reputation of being the best sailors in the region you move on and head towards the village Jongowe, on the South of Tumbatu Island.

## **JONGOWE – learn the Watumbatu life**

After arriving at the beach of Jongowe, you will see how the Watumbatu prepare their fishing nets, fish traps and also how they build and maintain their boats – all by hand! In a short walk you will arrive at the school of Jongowe and learn about who built the school and the importance of the huge and old Baobab trees to the community. You will see the difference between new and old sections of the village and you will visit the house of a fisherman's family. We will show you the unspoken secrets of Tumbatu, as they are world famous for witch craft.

Photographs are only allowed after you get the **permission from our guide**

- No photographs without permission

Based on the type of the excursion, we **are not able to serve you a normal lunch**. Therefore please note that we only provide packed lunch with soft drinks

- Only packed lunch with soft drinks

As you probably heard, it is very rare to get permission for Tumbatu, therefore we expect you to follow the rules of the guide and show respect at any time. Many of the Watumbatu have never been on Unguja!

Depending on the tide you will see how the women harvest their seaweed and understand the hard work that encompasses a seaweed farmer's daily life. ## Menai Bay

Leaving from Fumba, which is in the South East and still a very untouched and remote area in Zanzibar, you will head on a trip in traditional wooden dhows towards your first snorkel stop. After enjoying the beautiful underwater world of Zanzibar with your snorkelling guide you head towards a second snorkelling stop. The reefs surrounding the sand bank are your second snorkelling trip; the underwater world will seem very different compared to your first stop. Enjoy the short trip with your boat towards your final stop where you reach the beautiful island Kwale, and our crew will be waiting for you!

## Mangroves

Depending on the tides we may stop in a very special place, where our boats are taking you into the world of an island full of mangroves for a swim. The tidal lagoon has centuries of history stored in its coral. It's a different swimming experience with warm waters and a stunning location for photographs

## Lunch

On this secluded uninhabited Island, you will enjoy the lunch fit for Kings from an Island in the Indian Ocean, with slipper lobsters, grilled fish, calamari, chicken and rice, and many more vegetables.
