

Capture and stream your event

The period makes the organisation of professional events complex, but you need to communicate, train or exchange with your collaborators.

Simple and effective

You organise your event in our meeting rooms with only your speakers.

Offer connection :

Your remote event with a large number of simultaneous connections.

Take advantage of the availability of professional equipment for capturing and broadcasting in Live Streaming via a dedicated web page, personalised with your company logo.

A dedicated expert accompanies you throughout the project and a secure connection is provided.

Up to 100 simultaneous connections.

From 1990€ HT (excluding room rental fees)

Offer interaction :

Share and interact with your associates as if you were there.

Live Streaming capture and delivery system via a dedicated web page, personalised with your company logo. Also benefit from professional sound and lighting. Up to 3 interlocutors with microphones available.

Answer all the questions through the chat, with moderation available.

A dedicated expert accompanies you throughout the project and a secure connection is provided.

Up to 500 simultaneous connections

From 2990€ HT (excluding room rental fees))

Offer LIVE & VOD :

Share your presentation material in real time and record to view your event later.

Capture, record and broadcast with professional sound and lighting in Live Streaming via a dedicated web page, personalised with your company logo. Share your presentation material (Power Point) simultaneously.

Access the VOD recording up to 6 months later. Up to 3 interlocutors with 3 microphones available.

Answer all the questions through the chat, with moderation available.

A dedicated expert accompanies you throughout the project and a secure connection is provided.

Up to 500 simultaneous connections

From 3890€ HT (excluding room rental fees)
