## CONFERENCE FACILITIES

The Baobab meeting rooms are the venue of choice for business meetings and intimate social events and can accommodate up to 200 people for a sit-down function and 250 for a cocktail reception. The Grand Ball room is dividable into 3 separate rooms, namely, Baobab 1, 2 & 3, which are fitted with soundproofed walls.

High powered, flush ceiling loudspeakers allow speech peaks without any distortion and provide a smooth, uniform coverage of sound throughout the function areas. As each function area is wired separately, with sound switched through an audio matrix. Each area carries one common sound, or its own sound. Any combination is possible, so one meeting room could function as an overflow for an event going on in one half of The Baobab Grand Ball Room

A Board Room with the latest facilities and a pre-function area are also available. All Baobab meetings and board rooms feature projection screens as well as video projectors. Portable screens and other projectors are available upon request. All function areas feature high-speed broadband Internet access points or wireless connectivity can be made available.

A dedicated team of conference and event organizers are available round the clock, focused on making every event a success through quality planning and flawless execution.

BANQUETING FACILITIES

Diamonds La Gemma dell' Est provides exquisite international cuisine, premium table settings and various exclusive venues for themed coffee breaks, business lunches, cocktail receptions around the pool or at the beach and gala dinners with local entertainment and live shows featuring tailor made menus or themed nights.
