

THE VIEW LUGANO

SPECTACULAR VIEWS FROM SUBLIME ROOMS ABOVE THE PHENOMENAL LAKE LUGANO

122

Taking inspiration from the luxury yacht scene, THE VIEW Lugano suite-hotel has all the style and gloss without any of the restrictions. As a matter of fact, there's no trace of holding back at this deluxe boutique escape. Each junior suite and suite maximises the natural light that's reflected off Lake Lugano through floor-to-ceiling windows. The result is a sense of endless space and the perception that you're floating above the gently lapping water. Their highly polished teak floors lead to extensive terraces overlooking the lake. And special features such as pillow and pillow cover menus (memory foam, feather free or 3D fabric. Cotton or linen) go the extra mile to make a stay at THE VIEW Lugano exceptional. "Premium services" include Ambassadors who can pack/unpack your bags, run a bath and personalise your mini bar. Inspired extras such as complimentary use of a Smart car and/or an electric bike set the hotel apart. In the restaurant, Chef Mauro Grandi's breakfasts, lunches and dinners are a thing of beauty. His perfectly balanced flavours and precise execution produces a new twist on the traditional cuisine of the region. And from 11.30am to 6pm snacks are available in the main bar. Too good to miss: THE VIEW Lugano's spa with hydrotherapy pool, sauna, hammam, Jacuzzis and salt room built from Himalayan salt bricks.
