- Our rooms are entirely disinfected after each client departure.
- Our cleaning products are certified and recommended by the Health Ministry.
- Sheets and towels are cleaned at 70°C.
- We decided to remove bedspreads.
- As the best as it is possible, we avoid room service, but you may still ask for it.
- We can provide you cleaning products during your stay if you prefer.
- We also have the possibility to give you new towels and sheets if you need it during your stay.

*A mutual aid between **loKal** partners...*

- You want to have your meal at us ? You may enjoy takeaway services provided by restaurants of our neighborhood. We will give you our good tips and advices! You could also use our microwave.
- We also accept of course the use of applications (Uber Eats, Deliveroo..) to have your delivery directly at our House !
- Our breakfast will be served on a tray! You will just have to choose the day before what you'd like to eat. Then, you will pick your tray in the breakfast room whenever you want. To finish, you can enjoy your breakfast into your room! 😊
- And of course, we don't forget to often wash our hands. 😊
