---

Map

On foot

Newly reconstructed, the Kinsky Garden offers a wonderful experience. It is threaded with many well-maintained trails and paths. There are a lot of interesting attractions and historical sights, such as a funicular, sandstone rocks, small ponds, waterfalls, steps with water running over them, and a playground.

**Our tip:** You can get some delicious ice-cream at Angelato near the main entrance.

## PRAGUE FROM ABOVE ROOF OF THE LUCERNA

---

Website

On foot

Enjoy the atmosphere of the First Czechoslovak Republic from the roof of the Lucerna Palace. It was already planned in 1907, after the construction work had begun, that its large roof terraces would be used for social events. However, that only happened a few years ago, but it was the more pompous. Enjoy chamber music concerts, theme shows and romantic evenings with beautiful views of the sunset above Prague.

**Directions:** TRAM no. 9 from the hotel (Anděl) to Václavské náměstí (12 minutes).

**Our tip:** make your way to the roof more interesting by taking the paternoster. There are only 28 of these lifts in Prague.

Manifesto  
on foot

Savarin  
on foot

Manifesto Market is a unique place situated just 9 minutes on foot from the hotel. It makes the city's environment better for the next generation. Unused locations have been refashioned into remarkable, excellently designed places where you can meet others to spend time together. Manifesto combines carefully selected culinary concepts with cultural programmes and during a single visit you can taste authentic Mediterranean, Asian and American meals as well as great beer from local breweries and wine and drinks from different parts of the world.

Even the centre of Prague can offer a wonderful pop-up atmosphere. This unique place is situated just a few steps from Wenceslas Square. The Zahrada Savarin (Savarin Garden) offers delicious food, excellent drinks, cooled beer and especially a unique atmosphere. This one-of-a-kind place, inspired by "ruin pubs", which you might know from Budapest, can be visited in spring and summer.

### Directions to Savarin:

TRAM č. 9 přímo od hotelu zastávka „Anděl“ → „Václavské náměstí“ (12 min)

METRO „Anděl“ → „Můstek“ (směr Černý Most)

**Our tip:** Manifesto je připravené na každé roční období. V létě se můžete svlažit v brouzdališti, v zimě jsou pro vás připravena vyhřívaná iglú.

## PRAGUE FOR CHILDREN

### PETŘÍN MIRROR MAZE

---

Petřín  
on foot

Petřín  
on foot and by  
funicular

We have something for our youngest guests as well. Prague thinks of them and one of the islands in the Vltava is called Children's Island (Dětský ostrov). On your way to Prague Castle you can visit the unique mirror maze on Petřín Hill. It is one of the most popular places with both children and adults. From the outside, the building looks like a small castle but inside, instead of a labyrinth of secret tunnels, there is a mirror maze. You can finish your visit in the Laughing Hall, where, looking at yourselves in convex or distorted mirrors, you will be changed into dwarfs, potbellies or beanpoles.

#### **Our tip:**

Make your way to the top of Petřín shorter by taking the funicular. The funicular stop is near Újezd tram stop.

## PRAGUE'S BREWERIES

### STAROPRAMEN BREWERY

---

Na Verandách  
on foot

The Czech Republic in general is famous for its excellent beer and Prague definitely does not lag behind the rest of the country in this area. There are 50 active breweries in Prague at present.

Staropramen is a brewery in the Smíchov quarter founded in 1871. Important moments for the promotion of the then new enterprise was the opening of the Na Verandách Restaurant in the autumn of 1871 and the 1880 visit by the Emperor of Austria, Franz Joseph I, who praised the Smíchov beer and put his signature in the brewery's chronicle. The historical brewery building offers an intriguing journey through time, revealing the exciting story of the Staropramen brand. Your guide will be one of the most important persons of Staropramen's history, chief brewer Josef Paspá. Your tour will be followed by beer tasting. The beer is served in glasses hand-made by Czech glassmakers. The tour, including beer tasting, takes about 50 minutes.

#### **Our tip:**

Our reception will be happy to book your seats at the Na Verandách Restaurant, where you can have dishes that go especially well with Staropramen beer.

Prague is the capital of Czech sport. No other places in the Czech Republic offer so many sports opportunities.

In summer you should definitely visit Žluté lázně, which is just a few tram stops from our hotel. You can play beach volleyball, table tennis, badminton and pétanque or hire a paddleboard, paddle boat, in-line skates, a longboard or a scooter.

In winter you can go skating in the centre of Prague. There are two skating rinks just a stone's throw from Old Town Square (Staroměstské náměstí): in Ovocný trh and Na Františku. The nearest one is in Náměstí 14. října, which is only a nine-minute walk from our hotel. We can't imagine a better Christmas-time activity.

## PRAGUE'S NIGHT LIFE

---

If you want to have your birthday party or stag night in Prague, you can choose from countless bars and various music clubs. There are so many of them that Prague belongs among cities with the largest number of bars per capita.

Anyone who would like to experience Prague's night life at its best should go to Dlouhá street. It is famous for its many bars and is a popular destination on many people's trips around Prague at night. Another option is the Retro Music Hall, which is one of the most frequented clubs in Europe.

### **Our tip:**

If you want to have an untraditional experience, try the Cross Club, which offers a mixture of cultures, music genres and attitudes.

### **Directions to Dlouhá:**

TRAM no. 15 from the hotel (Anděl) to Dlouhá třída (14 minutes) or UNDERGROUND from Anděl to Náměstí Republiky, then 8 minutes on foot

### **Directions to the Retro Music Hall:**

Smíchov  
walk

Our hotel is situated in Prague's Smíchov quarter, so we would like to pay tribute to it in this way.

In the 19th century, Smíchov was referred to as "Prague's Manchester" due to its large number of factory chimneys. There were different manufactories, chemical plants, a spinning mill, a factory producing grinding mill machinery, a sugar factory, porcelain factory, etc. As a result of many buildings being demolished due to the construction of Prague's underground and factories closing down, the character of Smíchov began to change and it became an area of commerce. What can you see in Smíchov these days?

**Zlatý Anděl** is a wavy tower-like glass building designed by French architect Jean Nouvel. It is adorned with verses by famous poets written in red and with a tall figure of a black and white angel. The Smíchov Synagogue is one of the two functionalist synagogues in Prague. Smíchovská synagoga má jako jedna ze dvou synagog na území Prahy funkcionalistický vzhled.

**Sacré Coeur Park** is situated in a former vineyard and belongs to Sacré Coeur Convent. It is accessible by a footbridge from Nový Smíchov shopping centre.

**Zdymadlo Smíchov** is a lock chamber on the Vltava River in central Prague, consisting of four successive gates.

**Smíchovská náplavka** (Smíchov Rafting-Yard), also called Hořejší nábřeží (Upper Embankment) is well-known for its beautiful views of the historical landmark, Vyšehrad Castle, and of a unique railway bridge. The rafting-yard's storerooms, which have been reconstructed, used to be used for storing transported goods, sand extracted from the river bed as well as ice in winter.

**Our tip:** You can extend your trip around Smíchov in a very nice way. We recommend taking the Vyšehrad Ferry (Přívoz Vyšehrad) from Smíchovská náplavka to see Prague from a different perspective. If you prefer walking, you should definitely try out the unique Vyšehrad Railway Bridge, built in 1901.
