

Covid 19 Safety Protocol

Hotel Majestic Toscanelli

All our staff have been instructed on the new standards related to the **national protocols COVID-19** health and safety and highly involved by the Management to all procedures as an act of responsibility towards themselves and our Guests. Each member of the Staff must strictly comply with the protective measures recommended by global government agencies, which include hand hygiene, wearing masks and social distancing.

After **cleaning the rooms**, they are **disinfected** with 0.1% sodium hypochlorite and with 70% ethanol for the most delicate surfaces and finally **sanitized** with an [Ozone machine](#): we want our Guest to feel "the First and Only to enter".

The air-conditioning filters, in addition to the routine cleaning that is intensified, are treated with [IDRACLEAN Airsan](#) a special sanitising product based on hydrogen peroxide and silver ions with detergent and microbicides action.

The common areas are sanitized several times a day with the **hydrogen peroxide spray SANI GREEN FAST** using the machine [IGIEN FOG](#), following the indications of Memo No 5443 of 22.02.2020 of the Ministry of Health in the matter of sanitation anti Covid-19.

Body temperature will also be measured to all people who enter our structure with **Infrared thermometer** without contact, in total respect for privacy.

Implementation of a **documented plan** ensuring a very detailed cleanliness and sanitation. You can find all the details for each department in our:

"Safety Service Protocol"
